7. COMMENCEMENT AND STOPPING OF MOBILLY AUTOAMTIC PAYMENT FOR A PAID PARKING LOT

- 7.1. In “My cars” section of Mobilly application, the Customer may select a transport vehicle regarding which Mobilly Automatic payment for Paid Parking Lot service must be performed automatically from the Mobilly account of the Customer by reading the registration number of the vehicle with the use of the parking lot camera.
- 7.2. If Mobilly Automatic settings have been activated for the vehicle, upon the entry to Mobilly Automatic paid parking lot, which is labelled by a special sign, the camera of the parking lot will read the registration number of the transport vehicle, and Mobilly will commence parking lot payment service from Mobilly account that has the Mobilly Automatic setting linked to the payments for the respective transport vehicle. The parking barrier, if the Paid Parking Lot is equipped with one, will open automatically. Visualisation of payment clock will be displayed in the “Parking” section of Mobilly application.
- 7.3. When leaving the Paid Parking Lot labelled as Mobilly Automatic, the camera will read the registration number of the transport vehicle, Mobilly will check the account balance and suspend the payment, the parking barrier, if present, will be lifted automatically to allow the vehicle to leave the parking lot. If the balance of Customer’s Mobilly account is insufficient for the payment for the parking lot services, but a payment card is linked to Mobilly account, the missing payment sum will be charged from the payment card (including the cases, where the missing sum of money is less than EUR 3.00 (three euros, 00 cents)).
- 7.4. When leaving Mobilly Automatic Paid Parking Lot, it is the duty of the Customer to check that the payment for the Paid Parking Lot was successful, by checking the information in Mobilly application.
- 7.5. If the Mobilly Account balance is insufficient, and no payment cards are linked to the account, the Customer must supplement Mobilly Account or pay for the Paid Parking Lot by using another method of payment and leave the territory of the Paid Parkin Lot only after making the payment for the service.
- 7.6. **IMPORTANT:** Activation of Mobilly Automatic payment mode for the particular transport vehicle can be made simultaneously by one Mobilly account (Customer) only. It is the duty of the Customer to follow the vehicle regarding which the payment of Mobilly Automatic Paid Parking Lot is performed from the Mobilly account of the Customer. A Customer shall not be entitled to add a vehicle, which has not been transferred into legal possession of the Customer, in their Mobilly account.
- 7.7. For more information on Mobilly Automatic Paid Parking Lots, follow this link: <https://mobilly.lv/mobilly-automatic/>

8. JŪRMALA PASS

- 8.1. The Customers may perform the payment of the fee for the entry into the special regime zone of the city of Jūrmala by using Mobilly application or by sending an SMS message. The payment of the entry fee must be made before or after the entry into the special regime zone of the Jūrmala city, but no later than on the date of entry until 11:59 p.m.
- 8.2. In order to make Jūrmala entrance fee payment via Mobilly application, the Customer must select Zone J in "Parking" section of Mobilly application, enter the registration number of the vehicle regarding which they wish to perform entry fee payment in the open zone view and press the button: "START".
- 8.3. To make Jūrmala entrance fee payment by an SMS message, the Customer shall send an SMS to the Mobilly hotline for enquiries - 1859, with the following text: START space AUTO space J, where: "AUTO" is the number of the vehicle regarding which the Customer wishes to make the Jūrmala entrance fee payment, "space" is a free space, "J" is the tariff zone, which stands for Jūrmala entry fee payment. EXAMPLE: START AA1111 J.
- 8.4. In the event of Jūrmala entrance fee payment, Mobilly Customer receives automatic notification in the form of SMS or push notification, which confirms successful fee payment and indicates validity period of the aforementioned registered pass. EXAMPLE: You have successfully purchased Jūrmala day pass for vehicle with the registration number AA1111, it is valid until 11:59 p.m. today without limitation of the frequency of entrance.
- 8.5. Customer – legal entity – can connect reservation payment service of Jūrmala entrance fee, which is not considered to be automatic Jūrmala entrance fee payment service, but is intended for the cases, where the representative of the Customer - legal person - has not independently performed the payment of entry fee for the transport vehicle, which has entered special regime zone of Jūrmala city. Within the framework of this service, Mobilly, by 11:50 p.m. every day, will perform Jūrmala entrance fee payment for the transport vehicles indicated by the Customer that have entered the territory of Jūrmala until 11:30 p.m., and regarding which the payment of entrance fee has not been made.
- 8.6. To use reservation payment service of Jūrmala entrance fee, the Customer - legal person - must use the Website to indicate telephone numbers and linked transport vehicles that this service is connected to. The list of telephone numbers and linked transport vehicles may be attached to the Mobilly account of the Customer - legal person, as well as by sending information to info@mobilly.lv.
IMPORTANT: The service shall be connected to a Customer - legal person - for indefinite period of time. The Customer themselves has the duty to regularly track the list of their transport vehicles and telephone numbers of representatives, regarding whom this service has been connected.
- 8.7. The connection of the reservation payment service of Jūrmala entrance fee does not release the Customer from the duty to independently make the payment of Jūrmala entrance fee, when entering the territory of Jūrmala city. Taking into consideration technical limitations, Mobilly shall not compensate the costs to the Customer, i.e. shall not return the money for the provided service and Jūrmala entrance fee that has been paid for the vehicles of the Customer that have entered the territory of Jūrmala city and the drivers of which independently paid Jūrmala entrance fee from 11:00 p.m until 0:00 midnight.
- 8.8. In the event, where the balance on the Mobilly account of the Customer - legal entity - is insufficient to make the payment of Jūrmala entrance fee, Mobilly is entitled to grant a credit limit in the amount of the current amount of payment to the Customer - legal entity - to enable them to avoid an administrative penalty. In this case, the Customer - legal entity - has the duty to perform the payment of the granted credit limit immediately, after the receipt of Mobilly invoice.

- 8.9. The Customer - legal entity - is informed that the reservation payment service of Jūrmala entrance fee ensures the precision of 95% by reading the number plates of transport vehicles. Mobilly shall not assume liability for any losses of the Customer, including, but not limited to administrative penalties, post-payment invoices, etc., that are generated due to incompatibility of data regarding transport vehicles that have entered the special regime zone of Jūrmala city and automatically registered number plates of transport vehicles.
- 8.10. The Customers may find answers to frequently asked questions regarding the payment for Jūrmala entrance fee by Mobilly here: <https://mobilly.lv/iebrauksana-jurmala/>
